

ENSURE THAT ONE SICK LEAVE DOES NOT LEAD TO A COMPLETE STANDSTILL

The Corona pandemic has presented companies with a whole new set of challenges: individual employees used to be out of work for days at a time, the entire business can come to a standstill as a result of a single case of infection.

With "We gargle – Business", LEAD Horizon offers a customized prevention solution for companies of all sizes. Staff gargle at home or at work, and all results flow into a secure digital dashboard, providing managers with a full overview with ease.

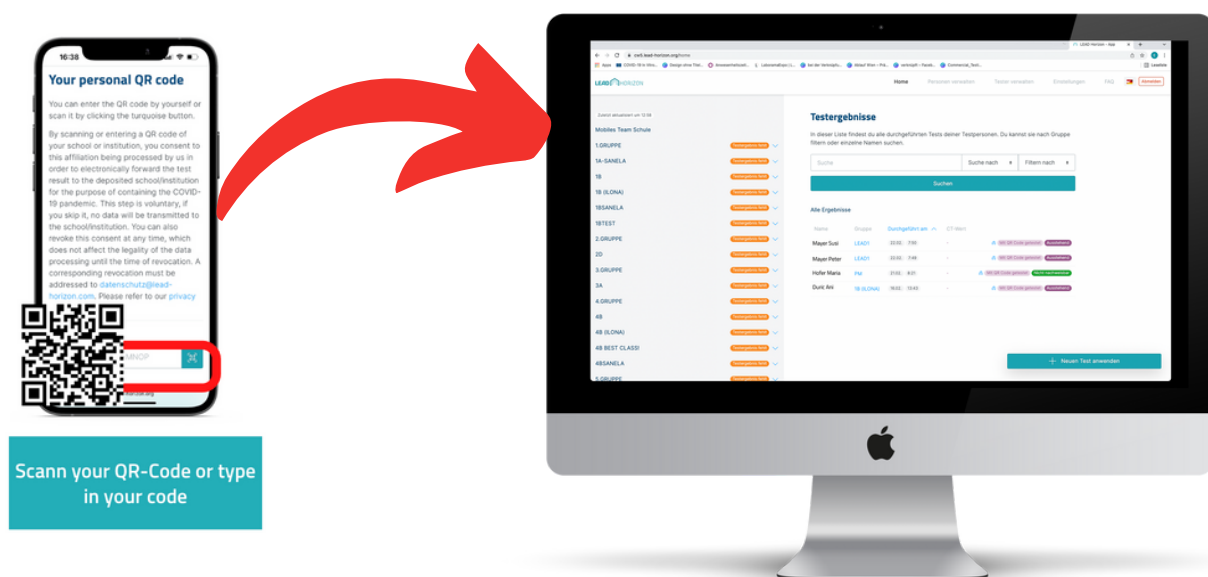

GARGLING AVOIDS OPERATIONAL FAILURES: SIMPLE, PAINLESS AND FAST

- Specially designed to meet the needs of companies
- Prevents costly staff and production downtime
- Scalable to any company size and number of employees
- Helps prevent uncontrolled virus spread and clustering
- Regulatory approved*

*With a negative result a certificate for the EU Digital Green Pass is issued.

MAKE SURE YOU ARE IN CONTROL, NOT THE VIRUS

The Company Dashboard is another innovative digital solution from LEAD Horizon. All that needs to be done is to connect the your staff's data to the digital dashboard. This is executed via a simple QR code.

SIMPLE, SECURE AND SMART: THE COMPANY DASHBOARD

- Online dashboard shows the current test status of all the employees at any time
- Data protection compliant due to strictly regulated access
- Regulatory approved*

*With a negative result a certificate for the EU Digital Green Pass is issued.
